

Core Skills: General Surgery Workshop

Thursday 23 March 2023

This unique one day cadaveric workshop provides General Surgical Trainees the opportunity to learn new skills, perform a range of open general surgery procedures, and attain practical knowledge and skills and a greater understanding of anatomy through human tissue.

Limited places are available for Service Registrars with strong surgical experience, for Observers, and for Theatre Nurses in the role of assistant.

This is the only General Surgery Trainee Workshop in Australia providing 100 per cent cadaveric dissection time on a range of open procedures, consolidating and enhancing anatomical knowledge and understanding.

This workshop will use a combination of pre-reading, discussion and dissection to further understanding of surgical techniques, and improve

CTEC acknowledges the support of the following:
