

Core Skills: Hepatobiliary Surgery

Thursday 22 June 2023

CTEC's unique Core Skills: Hepatobiliary Surgery Workshop provides participants the opportunity to learn new skills in a technically challenging and more complex area of General Surgery. It is suitable for Fellows and SET Trainees in General Surgery and GSET Trainees above Level 2.

The only workshop of its type in Australia, this full day cadaveric workshop features 100 per cent surgical dissection time, with a high ratio of expert faculty to participants. Pre-reading will be available prior to the workshop.

This workshop aims to enhance participants' knowledge and technical skills in laparoscopic and open hepatobiliary surgical procedures. It provides participants with a rare opportunity to practise skills and procedures they may have limited exposure to in the clinical setting. Each practical session will also focus on the immediate anatomy of

the structures operated on and their adjacent structures, broadening and consolidating participants' anatomical knowledge and understanding.

Workshop Content

The workshop features the following Cadaveric Procedure Sessions:

Laparoscopic Liver Resection:

- Local liver resection
- Left lateral liver resection

Open Hepatobiliary Surgery:

- Right hemihepatectomy including:
 - Cholecystectomy
 - Liver mobilisation
 - Hilar dissection
 - Parenchymal dissection
- Bile duct end-to-end anastomosis
- Roux-en-Y biliary reconstruction
- Portal vein/Hepatic artery reconstruction (optional)
- Evisceration

Registrants are encouraged to consolidate practical laparoscopic skills and procedural experience prior to this workshop by utilising CTEC's Research and Skills Practice Lab. Please contact the Senior Course Coordinator to book the Lab.

CTEC acknowledges the support of:

Convenor

Clinical Associate Professor
Lingjun Mou

Suitable for

Fellows and SET Trainees in General Surgery and GSET Trainees above Level 2. Limited places for Observers and for Theatre Nurses in the role of assistant.

CPD Approvals

Royal Australasian
College of Surgeons
CPD Approved

Approved in the RACS CPD Program. RACS Fellows, Specialist International Medical Graduates (SIMGs) and surgeons participating in the RACS CPD Program can claim 1 point per hour (to a maximum of 8 points) in Educational Activities.

Venue

CTEC, The University of Western Australia
Entrance No.2, Hackett Drive
Perth, Western Australia

Fees

WA Participant: \$1190
Non-WA Participant: \$1670
Observer: \$175
Theatre Nurse: Free of charge
